ANTARIS SOLAR GROUP sold its photovoltaics and bpv BRAUN PARTNERS played a part!

As of this week the **bpv BRAUN PARTNERS** energy team can add another successful transaction to its track record, having provided legal advice to the German Antaris group on the sale of two photovoltaic power plants with a total installed capacity of 4.2 MW to a German investment group. Although it began in mid-2018, the exhaustive due diligence on the part of the buyer and subsequent negotiations on the conditions for the sale meant that the transaction only closed this week. Led by partner and head of the energy team [Marc Müller](#) with the assistance of attorney [Michal Fógel](#), the transaction involved advice in energy law, real estate law and M&A.

The parties did not disclose the purchase price on the transaction.
